

J. MELHORN ARCHITECT

February 23, 2015

Expo Studios is our go to resource when we need additional drafting or design services on a consultant basis. We have used Sam Malo on numerous projects to assist with construction documents; specifically Architectural and MEP design and drafting. Sam has consistently delivered a quality product on schedule and at a rate in line with our budget. He is thorough, responsive, and attentive. He exhibits excellent flexibility, adapting to the needs of each project and client. Most importantly he is honest and sincere. The knowledge and experience that he brings to each challenge sets him apart from the rest.

We highly recommend the services of Expo Studios and Sam Malo.
